

Environmental Policy

April 2002

Husby Forest Products Ltd. (Husby) recognizes environmental management as the highest corporate priority and as a key determinant to sustainable development.

It is our corporate goal to establish policies, programs, and practices for conducting operations in an environmentally sound manner.

Husby is committed to:

-  Conducting business in a manner that ensures long-term productivity and the conservation of forest resources.
-  Promoting sustainable forest management practices that are economically and environmentally responsible.
-  Protecting the health of forests, their productivity and those lands of special significance.
-  Preventing pollution and striving for continual improvement of our corporate policies, programs and environmental performance, while taking into account technical developments, scientific understanding, consumer needs and social expectations.
-  Regularly reviewing our practices and procedures to monitor, report and communicate our environmental performance both internally and to the public.
-  Allocating sufficient funds to ensure all applicable environmental regulations are met or surpassed.
-  Educating, training and motivating employees to conduct their activities in an environmentally responsible manner.
